Dear Dr. Shapiro,

It is with pleasure that I inform you of the endorsement your program has received from our chamber board of directors. The SCV Latino Chamber of Commerce is proud to support excellence in education in all forms. The Albert Einstein Academies have shown themselves to be excellent schools. Because of that, our chamber has entered into a collaboration to increase awareness in the Latino and ELL communities, wherever your schools are located--of the opportunity to attend the Einstein Academy of Letters, Arts and Sciences.

Sincerely,

Bill Miranda
